PROFESSIONAL SUMMARY

MERN stack developer with 1+ years of hands-on experience building production web applications, including real-time communication systems (WebRTC/Socket.io), secure authentication, and role-based admin platforms. Skilled in React.js, Node.js, Express.js, and MongoDB, with a track record of shipping full-stack features end to end.

EXPERIENCE

Full-Time Software Developer | iKRAB e-sol Pvt Ltd

Oct 2025 - Present

- Built a MERN-based dating application with real-time audio/video calling using WebRTC and Socket.io, supporting live one-to-one sessions.
- Designed a recharge-based monetization system, including wallet balance tracking and transaction logging.
- Implemented cookie-based authentication and a unified admin panel with Role-Based Access Control (RBAC) to secure sensitive user data across the platform.

Junior Software Developer | PCS Global Pvt Ltd

Jul 2025 - Oct 2025

- Engineered interactive admin dashboards with multi-layered Role-Based Access Control (RBAC), enabling granular, permission-based data access for different user tiers. Collaborated with the team to enhance data security practices across internal admin tooling.

MERN Stack Developer (Freelance) | Self-Employed

Feb 2025 - Present

- Delivered full-stack web applications for independent clients using the MERN stack, Tailwind CSS, and Cloudinary for media management.
- Implemented secure user flows with JWT cookie-based authentication, Bcrypt password hashing, and SMTP-based transactional email; React-Toastify for notifications, Axios for API integration, and Multer for file uploads.

EDUCATION

Maulana Abul Kalam Azad University of Technology

B.Tech in Information Technology | cGPA: 8.47

Nadia, West Bengal, India

Aug 2021 - Jul 2024

Haji Md. Serafat Mondal Govt. Polytechnic

Diploma in Electrical Engineering | 77.9%

Birbhum, West Bengal

2018 - 2020

Kheput High School
